

Merry Christmas to everyone

December 21, 2023 | Franziska Pfister Bürgi

Cinnamon, cardamom, orange, sweet cookies – can you smell it? Yes, Christmas is just around the corner!

Santa Claus and his friend Frosty the Snowman made a quick stop at the Department of Environmental Toxicology on their way to the children's wonderland.

They were very much delighted to get an update on our projects at Utox and also visited our state of the art laboratories and of course Santa did not forget to open his huge bag and "ho ho ho" there it was the sweet surprise for the Utox team.

Afterwards Santa and Frosty took off in Santa's fancy sleigh and if you watch closely tonight, who knows perhaps you can see them flying over the houses....
