

Professorship for Bernhard Truffer

August 11, 2014 | Andri Bryner

Topics: Organisation & Staff

Bernhard Truffer, Head of the Department of Environmental Social Sciences, was appointed Professor of “Geography of Transitions in Urban Infrastructures” at the Faculty for Geosciences in the University of Utrecht at the beginning of August 2014.

The professorship is connected to a part-time position in Utrecht. At the same time, he will continue to work at Eawag as researcher and head of department. Bernhard Truffer’s research interests are in technological innovation systems and transition processes, particularly with regard to infrastructure planning. Bernhard’s research work has been recognised many times by international panels, and he recently received the IAMOT Research Publication Award for his numerous publications in the field of technology management.
